

## Family Portrait Shoots

I am a studio and on-location portrait photographer based in Taunton. I love to photograph families, children and adults in my studio or outdoors in nature, for a walk on the beach or the hills, or getting muddy in the woods. I am available for family

portraits or should you wish to have your special event such as a birthday or anniversary recorded in a photojournalistic style (you won't even know I am there!)

The family portrait shoot lasts between 1-1.5hrs and includes

group shots of all family/friends, individual family groups as well as individual shots of the children/dogs. The shoot includes a personal gallery on my website of colour/black&white images of between 60-100, to choose from.

## Options

### **1-1.5 hour Family Portrait Shoot (up to 14 people)**

**£165**
